

LA RICH PISCINE

Inspired by the jet setters in the South of France, la piscine is a classic - just like we are.

Translated to 'pool' in French, the drink reflects the beach goer practice of adding ice into champagne to keep it cool under the blistering summer sun.

Instantly transport yourself to the South of France where la piscines have been de rigor for years. Our piscine is clean, refreshing and features Veuve Cliquot Rich, a unique champagne designed expressly to be enjoyed over ice.

Ask for our garnish trolley to add fresh and new flavours of your choice.
